## About Us

"Pukaar – The Voice of Humanity" is the brainchild of Shivani Raina, the founder of Pukaar, who has been working diligently for the community for more than **6 years**. Pukaar was founded on **28th September 2020** and now has a team of more than **100 people**, including core members, members, interns, and volunteers. The organization works towards achieving **more than 9 Sustainable Development Goals (SDGs)**. We are continuously striving for the **upliftment of society** through our various projects.

## Our Goal

To create an **inclusive and empowered society** by providing **equal opportunities** in **education, health, and social support** to **underprivileged communities**, especially **women and children**, enabling them to become **independent, confident, and self-reliant** individuals.

## Our community

Our working area is the **Tricity**, and our main focus is the **community located in Zirakpur, Punjab**, which is on the outskirts of Chandigarh. We are actively working to **expand our work** throughout **Zirakpur** and the **neighboring areas** in the Tricity.

## Team

Team Pukaar consists of **7 Core members**, more than **90 members and volunteers**. Team gets time to time **Interns from Panjab University, LM Thapar University, Chandigarh Group Of Colleges, Amity University, and Chandigarh University**, etc. who join for a specific period for **study purposes**.
